## What makes the Platinum Protection Plan such a good idea?

**Inflation.** Prices are going up all the time. New components cost more each year and repair charges are on the increase. Parts and labour costs could double in the next three years. The Platinum Protection Plan buys you tomorrow's services at today's prices.

**Guarantees a limit of service expense.** You won't spend a dime on parts or labour for the length of the agreement. It takes the sting out of those unexpected repair jobs. It's all done for you.

**Convenience.** These products are meant to be enjoyed free from concern about repair. The Platinum Protection Plan lets you do the enjoying while it takes care of repairs, at no additional cost to you.

**Top performance.** People who pay as they go sometimes have to neglect those little things. But you don't have to. It doesn't cost you any more to have it in top shape at all times. There's no deductible. And the service is unlimited. Get it as often as you need it!

**Minor repairs can be major expenses.** With inflation, the cost of parts and labour are going up constantly. The labour costs of replacing even a minor part can increase the bill beyond proportion. Today, there are no "minor" repair jobs. The Platinum Protection Plan could pay for itself with just one visit.

**No deductions.** Many service contracts cover only some parts but this has no exclusions from the manufacturer's original coverage. The Platinum Protection Plan takes up where the manufacturers leave off.

**Underwriting.** The Platinum Protection Plan is fully underwritten. This gives you full coverage should something unforeseen happen in the future. We supply you extra protection, with the issue of an insurance certificate which forms the integral part of the master policy.

**Service.** All your servicing needs are covered in all major areas across Canada with a network of professional service centres. Call 1-800-665-5366.

**All inclusive parts and labour.** There are no exceptions, all products, makes and models are covered. However, a 90 day minimum manufacturer's warranty must exist on all parts and labour.

**Transferability.** If you decide to sell your equipment the balance of The Platinum Protection Plan is transferable to the new owner FREE. Increases the residual value of the product and makes the item more attractive to the prospective buyer.

Term of this Service Contract (the "Contract") shall commence upon the expiration of the manufacturer's warranty.

IBNI Warranty Services Inc. (hereinafter called "WS") agrees with the original owner of this Contract (the "owner") to repair or replace or to reimburse LEON'S FURNITURE LIMITED ("Leon's") for its cost to repair or replace, at Leon's option, the product or products covered by this Contract or any parts thereof (collectively the "product") should it become inoperable due to a defect in material or workmanship during the period specified. Such defects will be repaired or replaced in accordance with the terms of the original warranty for the time frame of this Contract. This Contract is between WS and the owner.

Neither WS nor Leon's assume any obligation to replace accessory or add-on items which by their nature are consumable, disposable, expendable or cosmetic. The Contract expressly covers the working components for the product.

The Contract applies only to the operation of the product under conditions for which it was designed, and does not cover loss or damage resulting from external causes such as, but not limited, to, defective or inadequate wiring, outages as a result of public utility company action or inaction, fire, flood, windstorm, hail, lightning, earthquake, theft, misuse or abuse, or connection to other products not recommended for interconnection by the manufacturer of the product. The owner shall perform all maintenance recommended by the manufacturer to maintain the product in operating condition. Loss or damage resulting from the failure to provide manufacturer recommended maintenance is not covered by the Contract. In no event shall WS or Leon's be liable for consequential damages or delay in rendering service under the Contract, or loss of use during the period that the product is at the repair centre awaiting parts. Parts may be replaced with others of like kind and quality.

Technological advances may result in a replacement product with a lower selling price than the original product. This contract is fulfilled with respect to a product when that product has been replaced. Pro-rated charges may be applicable on replacement products.

The Contract covers equipment purchased for home or personal use and does not cover equipment used in professional, commercial, or business application unless a fee of three (3) times the published rate has been paid.

In the event the owner requires in-home service and the owner fails to keep an in-home service appointment, the owner will be responsible to pay the cost of such service call based on the prevailing rate within the industry. In-home service provided only where available.

Unauthorized repairs may void the Contract. The owner may be directed to a factory authorized service centre. WS reserves the right to inspect the product from time to time.

The Contract is for the benefit of the original owner, but may be transferred to a new owner, free of charge, by notifying Leon's  
C/O LEON'S PLATINUM PROTECTION P/O BOX 1100 STATION B WESTON, ONTARIO M9L 2R8

Owner's neglect, abuse or misuse may void the Contract or prohibit the owner from some aspect of coverage.

When the owner requires service outside of the manufacturer's original warranty the owner shall call 1-800-665-5366.

IF NO DEFECT IS FOUND OR THE REPAIRS ARE DENIED BY LEON'S DUE TO AN UNWARRANTABLE ITEM, THE OWNER IS RESPONSIBLE FOR THE COST INCURRED.

The service obligations of WS under the Contract are insured by a policy of insurance issued by St. Paul Guarantee Insurance Company. The Platinum Protection Plan is sold and administered by Leon's throughout Canada.
